

Trzebielino, dated 29.06.2011

Letter of reference

Municipal Services Office in Trzebielino, 77-235 Trzebielino, Trzebielino Commune certifies that uses the services of Tadeusz Nowakowski, M.Sc. in the scope of investment supervision while building the water supply system and terminals in Miszewo, Myślimierz, Gumieniec, Kleszczewo, Trzebielino Commune of 14.2 km in length. The investment supervision was performed diligently and in a way which guaranteed respecting of investor's interests which really matters in case of commuting contractors. Important for investors feature, which is possessed by Mr. Tadeusz Nowakowski, is the ability to discipline the General Contractor in relation to time limits and helping the investor with correct evaluation of the progress of works and their settlement. It is worth paying attention to high level of vocational qualifications, good insight into currently applied technological and material solutions and engagement in work performed and also the correct understanding of the manner of representing the investor.

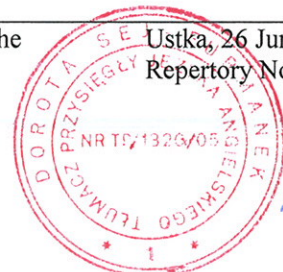

We wish Tadeusz Nowakowski, M.Sc. further success and we recommend him to other investors.
